## Dr. PRICE'S CREAM BAKING POWDER

It "makes home baking easy" and  
gives nicer, better and cleaner food  
than the "ready-made." There is  
no baking powder or preparation  
like it or equal to it for quickly  
and perfectly making the delicate  
hot biscuits, hot bread, muffin,  
cake and pastry.

## MONEY FOR CHRISTMAS FROM THE EL PASO HERALD FOR BOYS AND GIRLS

Believing that there is a number of El  
Paso boys and girls, attending school  
in the city, who have had very little op-  
portunity to earn money for their own  
use at Christmas time, The Herald has  
decided to make a distribution of Christ-  
mas spending money among the school  
children of El Paso on the 22d of Decem-  
ber.

Any school boy or girl under 18 years  
of age is eligible to receive one of these  
awards and the conditions under which  
The Herald will distribute this Christmas  
spending money among the young folks

of the city will be found on page 5 of  
this issue.

This is an excellent opportunity for  
any wide-awake boy or girl who wishes  
some extra money to buy presents  
which otherwise they might not be able  
to afford.

Boys or girls under 18 years of age  
who are attending any school in the city  
and who are interested in knowing all  
about this Christmas distribution, are  
invited to come to The Herald office any  
evening between 4 and 5 o'clock and learn  
the full particulars.

## TRANS-MISSISSIPPI CONGRESS CONVENES

Thousand Delegates Present  
When President Pryor  
Delivers Annual  
Address.

San Antonio, Texas, Nov. 22.—One  
thousand delegates were present this  
morning when the 21st annual session  
of the Trans-Mississippi Commercial  
congress opened at 9 o'clock in Bee-  
thoven hall.

Executive chairman Fred W. Flem-  
ming of Missouri called the meeting  
to order. Bishop J. S. Johnston, may-  
or of Callaghan, J. H. Kirkpatrick, of  
the San Antonio chamber of commerce,  
and governor Campbell delivered ad-  
dresses of welcome, after which pres-  
ident Ike T. Pryor gave his annual ad-  
dress. A recess until 2 o'clock was  
then taken.

The delegates broke into enthusias-  
tic cheering when William Jennings  
Bryan arrived and was led to the  
stage by congressman Elyaden.

Among the notables present are:  
Governor-elect Colquitt, governor Jaxx  
Sanders of Louisiana, governor Wil-  
liam R. Stubbs of Kansas, governor  
John Shafroth of Colorado, Shes Wil-  
liams of Paris, Don Ignacio Cordero,  
minister from Bolivia; Arthur C. Jack-  
son of Chicago, president of the Na-  
tional Good Roads association; Fred  
W. Fleming of Kansas City, leading  
candidate for next president.

Des Moines and St. Louis are con-  
testing for next year's convention. New  
Orleans and San Francisco also en-  
dorsement for the Panama canal exposition,  
both having warm supporters. It is  
expected 100 more delegates will ar-  
rive.

**President's Address.**  
President Ike E. Pryor, in his opening  
address, said:

This section of the country has never  
received the favorable consideration  
at the hands of our national congress  
the section east of the Mississippi river  
has been accorded. Why is this? It is  
because the manufacturing congressmen  
have had and held the reins of govern-  
ment; dominated and controlled both  
branches of our national congress;  
hence the manufacturers of this coun-  
try have received every possible con-  
sideration and protection congress could  
grant. They have been thoroughly or-  
ganized and able to present to the na-  
tional congress in a united and intel-  
ligent manner an appeal for such pro-  
tection and measures as they desired.  
The density of the population east of  
the Mississippi is 74.8 and west of the  
Mississippi is 12 per square mile.

"When the Trans-Mississippi Com-  
mercial congress was organized the  
population in that area was about 16,  
753,544. Today we have a population  
of more than 25,540,468, a gain of al-  
most 9,000,000 in the last 10 years, or 52  
percent. The largest percent of this  
gain was in the last 10 years.

"It will not be many years until the  
teeming millions of the east will rely  
almost absolutely on the west for the  
necessities of life. This is no idle  
dream, for each year brings us closer  
to a realization of such conditions.  
It is our duty to prepare for what  
seems the inevitable.

**Trade With Mexico.**  
"The commercial features of this  
congress should be given every possi-  
ble consideration, especially looking to  
the development of commerce and trade  
with Latin-American countries.  
"Take, for example, Mexico, our next  
door neighbor. Her cotton mills pro-  
duce less than one-fifth of the cotton  
goods used by the cotton mills of this  
country. The goods used are imported  
into that country, largely from English,  
French and German mills. The banks  
in all the important cities in the Latin-  
American republics keep their large  
balances in European business centers.  
Why is this? The direct steamship line  
to and from Central and South Amer-  
ica ports to European ports and vice  
versa are one of the prime causes.  
Banking facilities always have and al-  
ways will follow trade."

**EXTRA FORCE FOR THE  
POSTOFFICE CHRISTMAS RUSH.**  
Uncle Sam will be mighty busy at  
the El Paso postoffice with the Christ-  
mas mail and therefore about 22 extra  
clerks will be employed. At present  
there are 10 men on the eligible list  
and another dozen will undoubtedly be  
allowed, as there were 24 extra clerks  
employed last year. These clerks are  
given employment for about five days  
during the heavy rush of Christmas  
mail. This will entail an extra expense  
of about \$1000.

Old records which have been kept in  
the basement of the federal building  
since 1903 are to be destroyed next  
week, it being the custom to destroy  
old mail matter once each year. Noth-  
ing bearing a date later than 1903 will  
be burned, however, as the government  
keeps records as long as there is any  
possibility of their being needed.

**WOMAN SHOTS MAN TO  
DEFEND HER HONOR.**

Monongahela, Pa., Nov. 22.—Iva Bush,  
27 years old, a telegraph operator at  
Bald tower on the Pennsylvania rail-  
road, near here, declared tonight that  
the shots she fired at Harry F. Smith,  
a railroad detective, early today, were  
intentional and necessary to defend  
herself.

She is held in \$2000 bail while  
Smith, who has a wife and two chil-  
dren, is in the hospital with a wound  
in the hip.

In the night Smith went to the rail-  
road tower and found Edwin Lloyd,  
a close friend of Miss Bush, visiting  
her. He arrested Lloyd, taking him  
to the office of alderman A. R. Day,  
where he was told no charge could  
be preferred, so Lloyd was released.  
After midnight, as Miss Bush re-  
turned by a freight train to her home  
in Monongahela, Smith approached her.  
She says she fired twice to frighten  
him away, but he seized her and as  
he held her she shot him in the side.  
Miss Bush supports a widowed  
mother and a sister in Springfield, O.  
She says that a month ago in one of  
Smith's midnight visits to the tower,  
she was obliged to use her revolver  
to compel him to leave.

**Letter Carrier's Horse Stolen.**  
Lost—One little United States mail  
cart with horse attached. The post-  
office authorities are hunting for the  
horse and little wagon, which strayed  
away or were stolen from the rear of  
the home of carrier Oscar Klein on  
South Campbell street. Neither the  
horse nor the wagon could be found  
by the police or the authorities at the  
city pound. Tuesday morning and a  
horse had to be hired for carrier Ho-  
man to cover the route Tuesday.

"I had been troubled with constipa-  
tion for two years and tried all of the  
best physicians in Bristol, Tenn., and  
they could do nothing for me," writes  
Thos. E. Williams, Middleboro, Ky. "Two  
packages of Chamberlain's Stomach  
and Liver Tablets cured me." For sale by  
all dealers.

## ARRESTED FOR KILLING FAMILY

Boy Jailed Has Already  
Served Term for Mur-  
dering Woman.

St. Joseph, Mo., Nov. 22.—Hezekiah  
Roscoe was brought to St. Joseph from  
Maryville on account of fear of mob  
violence there. He was secretly taken  
from the Maryville jail and spirited  
to this city in an automobile. Blood  
hounds which were taken to the scene  
of the quadruple murder of the Hub-  
bel family, followed a trail to Ros-  
coe's home and entered his room,  
where some of his garments were  
found with blood stains on them.

The prisoner is 30 years old and was  
sent to the penitentiary 14 years ago  
for murdering a farmer's wife near  
Arcos, after attempting to assault her.  
He served ten years.

Young Roscoe went to the home of  
the Baumleys, who lived near his father's  
farm, while the woman's husband  
was absent. He was ordered out of  
the house. He went into the yard  
and hurled a stone through a win-  
dow, striking Mrs. Baumley, who was  
carrying her 2-year-old baby, in the  
face. She ran upstairs and barricaded  
the door. Roscoe followed and bat-  
tered in the door. Then he picked up  
the hearth of a stove and crushed the  
woman's skull. The baby was unin-  
jured.

## TOLSTOI SELECTS SITE FOR GRAVE

Buried Beneath "Poverty  
Oak," Where He Played  
When He Was a Child.

Tula, Russia, Nov. 22.—Following  
count Tolstoi's written request, his  
grave has been made under "poverty  
oak" in a spot where in childhood  
he buried the green rocking horse.  
This reference to an episode in the  
early life of Tolstoi and his brothers,  
who, with childish rites, consigned to  
earth a hobby horse in the belief that  
it was disinterred, a reign of  
happiness would be inaugurated. It  
was his written request also that the  
ceremonies be "of the simplest, with-  
out the rites of the Orthodox church."  
A special train bearing the body of  
Tolstoi from Astapova arrived this  
morning. The funeral party was met  
by throngs of mourning peasants.

**Clear Payn Tribute.**  
St. Petersburg, Russia, Nov. 22.—The  
Russian emperor has written the fol-  
lowing note on the margin of the re-  
port which M. Stolypin sent to his  
majesty of Tolstoi's death: "I heartily  
deplore the death of the great writer  
who embodied the golden age of his  
talent in his creations of types of the  
fatherland, constituting one of the most  
glorious periods of Russian life. May  
he find in God a merciful judgment."

**NEW COMERS AND BRISK  
BUSINESS HELP DEMING.**

Deming, N. M., Nov. 22.—Deming is  
receiving many new housekeepers and  
business is looking very bright for the  
winter months.

Brown & Powell is the name of a  
new real estate firm with offices in the  
Decker building.

A carload of gasoline engines has  
been ordered by S. J. Smith, D. L. Win-  
tamute, W. F. and H. L. McRoberts and  
Harry Tobias. All of these men are  
settling in pumping plants and have  
clubbed together to secure machinery  
in carload lots which will mean a great  
saving on the freight.

W. W. Crawford has opened up a new  
carpenter shop on Silver avenue, oppo-  
site the cottage rooming house. Paul  
J. Harrison has moved his machine  
shop to the Clark building.

Miss Graham, who resides southeast  
of town, was thrown from her horse  
and received a broken arm in the fall.  
Edward Singer, a new resident of  
Deming, has purchased of J. Tabor  
one-half interest in the Deming plant-  
ing mill on Gold avenue.

**OUR ENORMOUS ANNUAL  
BALANCE OF TRADE.**

Washington, D. C., Nov. 22.—George  
Faish, editor of the London Statist, in  
a monograph written for the National  
monetary commission, says:

In the fiscal year 1908-9 the mer-  
chandise exports of the United States  
exceeded the merchandise imports by  
\$351,000,000. The exports of gold and  
silver exceeded the imports by \$11,  
000,000, making a total excess of \$461,  
000,000. This excess the author ac-  
counts for on the basis of the follow-  
ing estimates: Exports, \$250,000,000;  
tourist expenses, \$170,000,000; remit-  
tances to friends, \$150,000,000; freight,  
\$25,000,000; a total of \$595,000,000. One  
hundred and eighty-four million dol-  
lars, the sum by which the remittances  
exceed the merchandise balance, was  
paid by the author states, by per-  
manent or temporary investments of  
capital in the United States. The  
United States therefore requires an  
annual excess of exports over imports  
of nearly \$600,000,000 in order to set-  
tle her trade balance.

**KILLS BROTHERINLAW  
CLAIMS SELF DEFENCE**

Wichita Falls, Tex., Nov. 22.—K. L.  
Hosch, age 35, was shot and killed this  
morning by his brotherinlaw, J. C.  
Browning, age 29, at the Hosch home  
here. Browning fired three shots with a  
revolver, one bullet entering Hosch's body  
just above the heart, and another going  
through Browning's own hand.  
Hosch staggered from the house, fall-  
ing dead in the yard. Brown surren-  
dered and says Hosch attacked him with  
a knife after abusing his wife, Brown-  
ing's sister.

## FELDMAN'S 308 San Antonio Street

THE HISTORY OF "CORDOVA" LEATHER—In the Middle Ages, Cordova in Spain was the home of the  
art leather which became known as "Cordova." Today, the Cordova Shop, in America, produces art  
leather that is far superior, both in beauty of design and coloring, to the old "Cordova." Just to  
prove this, Joaquin Sorolla, the Spanish painter, recently exhibited his paintings in the leading art  
centers of the United States. He commissioned the Cordova Shop to make for him a hand bag that  
he might take it back to Spain as an evidence of the superiority of this American work.

## How to Make Better Cough Syrup Than You Can Buy

A Family Supply, Saving \$2, and  
Fully Guaranteed.

A full pint of cough syrup—as much  
as you could buy for \$2.50—can easily  
be made at home. You will find noth-  
ing that takes hold of an obstinate  
cough more quickly, usually ending it  
inside 24 hours. Excellent, too, for  
whooping cough, sore lungs, asthma,  
hoarseness and other throat troubles.

Mix one pint of granulated sugar  
with 1/2 pint of warm water, and stir  
for two minutes. Put 2 1/2 ounces of  
Pinex (50 cents worth) in a pint  
bottle; then add the Sugar Syrup. It  
keeps perfectly. Take a teaspoonful  
every one, two or three hours.

This is just laxative enough to help  
cure a cough. Also stimulates the  
appetite, which usually is upset by a  
cough. The taste is pleasant.

The effect of pine and sugar syrup  
on the inflamed membranes is well  
known. Pinex is the most valuable  
concentrated compound of Norway  
white pine extract, rich in gualcol  
and all the natural healing pine ele-  
ments. Other preparations will not  
work in this formula.

This Pinex and Sugar Syrup recipe  
is now used by thousands of house-  
wives throughout the United States  
and Canada. The plan has been imi-  
tated, but the old successful formula  
has never been equaled.

A guarantee of absolute satisfaction,  
or money promptly refunded, goes with  
this recipe. Your druggist has Pinex  
or will get it for you. If not, send to  
The Pinex Co., Ft. Wayne, Ind.

**ALMOST A CASE  
A MINUTE RECORD**

First Winter Rush on City  
Prison Gets 25 In  
Durance.

The first advance rush on the police  
station jail, as a result of the advent  
of cold weather, was made Sunday and  
Monday nights, when a large number  
of men and women, white, black and  
Mexicans, were arrested on various  
minor charges. Among the fines as-  
sessed was that of \$20 against Bruno  
Pacheco on a charge of assault and  
carrying a dirk. Louis Holtzman, a  
river guard, was the prosecuting wit-  
ness. He is a mounted inspector and  
the trouble occurred when he at-  
tempted to enter the United States  
with the knife.

Others arrested include Justo Mar-  
quez, charged with taking a bicycle  
from H. M. Tuttle. The wheel was re-  
covered.

**EL PASO THEATER.**

One agreeably novel feature in the  
presentation of "Arizona" is the ar-  
rangement of the program wherein  
the list of characters is presented in  
the order in which they first appear  
on the stage, a device, whether wit-  
tlingly or not, which serves the double  
purpose of aiding in instant identi-  
fication of and precluding any dispute  
that might arise of precedence. The  
difficulty of deciding who shall be  
first in so well wrought a play, where  
the most hit is to be coveted, may  
be imagined. The play will be at the  
El Paso theater Thursday, November  
24. Seats are now selling at Craw-  
ford theater. The prices are 50c to  
\$1.50.—One performance only.

## RED LIGHT FIGHT IS GIVEN A START

The anti-redlight campaign is begin-  
ning to have its effect. One agent who  
represents a property owner havin- eight  
lots and 16 small rooms on Broadway has  
will vacate the property at once and

will do everything he can to help clear  
up the street. This is considered as a  
starter by the men who are urging the  
reservation removal and they believe that  
they have the objectionable district on  
the run.
